

Ceramic Ferrite

Sintered Ceramic Ferrite - Discs

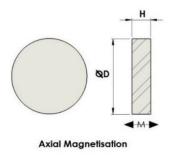

Anisotropic FER 3

Anisotropic discs have hundreds of general holding and triggering applications.

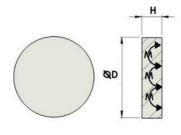

Isotropic FER 1

Also referred to as a craft or fridge magnets, these discs are low in cost and usually magnetised on one face only.

| Anisotropic Ceramic Disc (FER 3) | | |
|----------------------------------|--------------|---------------|
| Part Number | ØD ± 3% (mm) | H ± 0.15 (mm) |
| SFDC 01046 | 3 | 6 |
| SFDC 01149 | 10 | 3 |
| SFDC 00191 | 10 | 7 |
| SFDC 00192 | 12 | 6 |
| SFDC 01624 | 12.5 | 5 |
| SFDC 00193 | 20 | 6 |
| SFDC 00886 | 30 | 4 |
| SFDC 00296 | 30 | 8 |

| Isotropic Ceramic Disc (FER 1) | | |
|---------------------------------|--------------|---------------|
| Part Number | ØD ± 3% (mm) | H ± 0.15 (mm) |
| SFDC 00426 | 14 | 3 |
| SFDC 00366 | 14 | 5 |
| SFDC 00725 | 16 | 3 |
| SFDC 00316 | 17 | 4 |
| SFDC 00912 | 17 | 6 |
| SFDC 00726 | 20 | 3 |
| SFDC 00317 | 20 | 5 |
| SFDC 01054 | 25 | 3 |

Isotropic Multipole Disc
